Headache

How it eats out the life of every tortured sufferer; what a nerve demoralizer it is. How many a fair face it has transformed into a distorted visage of haggard suffering. How many a happy, genial disposition has been soured and made morose and irritable by its torture. "Blood Wine" is almost a specific for all kinds of headaches: sick, nervous, neuralgia and stomach headaches, with tortured days and sleepless nights. It cools the overheated blood on its way to the fevered, throbbing brain, reduces respiration, clears the coated tongue, cleanses the system and removes every cause. Don't suffer any longer. Get a bottle of "Blood Wine." Fifty cents for a large bottle.

Mrs. John A. Colvin, 76 Main St., Fall River, Mass., says:
"For several years I suffered with a severe headache and constant dragging pains. I tried all kinds of medicine to no avail. I was finally persuaded to use 'Blood Wine' and the first bottle brought blessed relief. I also find its occasional use wards off colds."

JAMMED IN A MASS

Engine Plows Through a Car in Which Thirteen Passengers Sat.

A BRAKEMAN'S BLUNDER

Because He Failed to Note That His Train Was Not In Clear Fearful Wreck Followed.

Passenger Train Runs Into a Freight At Cochrane Station, Pennsylvania.

Pittsburg, Pa., Jan. 8.—As a result of a collision between a passenger train and the rear end of a freight train on the Monongahela division of the Pennsylvania railroad last night at Cochrane station, seven men are dead, one is dying and five are injured. The dead: C. E. Stroud, baggage-master on passenger train; C. M. Boehmer, brakeman of passenger; John Stewart, passenger; four unidentified men. Among the injured is T. D. Cook, conductor of the passenger train, who will die.

The passenger train, which was from Pittsburg, was on time and had a clear track, according to the signals displayed. At the siding at Cochrane, it ran into the rear end of the extra freight which had taken the switch but failed to clear the main line. The officials of the road attribute the disaster to the failure of Patrick Quinn, the rear brakeman of the freight, to see that his train had fully cleared the main track. Quinn has not been found since the wreck. When the passenger locomotive struck the caboose of the freight it was forced back upon the combination baggage and smoking car. The thirteen passengers in this car were jammed against the rear end of the car in a mass. Three of the victims were killed immediately, two were roasted to death and two died on the way to the hospital. Almost immediately after the impact fire from the stove in the smoking car spread to the wreckage and the imprisoned victims were tortured. Not a truck except those of the tender left the track. None of the passengers in the coaches was hurt.

CAUSES DEPRESSION

Caracas Affected By the Answer of the Allies.

Caracas, Jan. 8.—The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro last evening by United States Minister Bowen. A meeting of the cabinet was at once called to consider these communications. It is expected that the Venezuelan answers will be handed to Mr. Bowen at once to be forwarded to Washington. It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen have created a feeling of depression in Venezuelan government circles.

All sorts of rumors are current in Caracas concerning President Castro's answer to the communications of the powers, but none of them is reliable.

Loyal Bankers.

Caracas, Jan. 8.—The Bank of Venezuela and the Bank of Caracas have agreed to advance to President Castro money wherewith to pay the Venezuelan troops during the blockade.

Foiled Train Robbers.

Watertown, N. Y., Jan. 8.—An unsuccessful attempt to rob the United States mail was made on a Rome, Watertown & Ogdensburg train near Gouverneur last night. Two men who boarded the train at Gouverneur forced an entrance into the mail car and commanded Clerk Stack to surrender the postal valuables. The clerk called for help and the express messenger responded, where one of the robbers jumped from the train, which was moving at the rate of fifty miles an hour. The other was captured. The fugitive has not been captured.

Mob Released Prisoners.

Lewisburg, Tenn., Jan. 8.—At midnight thirty masked men released W. P. Hopwood and W. H. Johnson from the Marshall county jail. The prisoners were charged with lynching a negro named John Davis, and a numerous signed petition to Judge Houston to grant a special term of court to try them had been refused. The crowd quietly departed, taking the alleged lynchings with them, and to day the whereabouts of the fugitives is unknown. The town is quiet.

May Have to Stop Work.

San Jose, Costa Rica, Jan. 8.—The government is unable to provide funds with which to complete the railroad to the Pacific coast. It is negotiating with the American contractors for the line to stop work and receive an indemnity.

Cholera Stricken Soldiers.

Manila, Jan. 8.—The American garrison at Ormok, Island of Leyte, has been attacked by cholera. Nine men of Company B, 11th infantry, were seized by the disease and five of them died. The post at Ormok has been quarantined.

PRIMARY ELECTION

Committee On This Behalf Is Ready to Report.

Indianapolis, Jan. 8.—The primary election commission of Indianapolis made its bill ready today. It will be introduced in the senate the first of next week by Senator Thompson, and in the house by one of the Marion county members. From the general drift the proposed reform has a hard road to hoe. It is really a good measure of the kind, however, and it will probably receive serious consideration, as it was framed by such men as Addison C. Harris, former minister to Austria; John W. Kern, Roscoe O. Hawkins, Senator Thompson, Judge A. O. Marsh, Edgar A. Perkins of the State Federation of Labor, and J. G. McCullough, who drew the Minton primary bill two years ago. The bill is to have a local option feature, and is to be mandatory in Marion and Vanderburg counties. Its most striking feature is that it throws the secrecy of the Australian ballot about the primary and cuts the county committees entirely out of the primaries. A commission to be appointed by the circuit court judges is created. It will be the duty of this commission and not the duty of the county committee, to provide the places for voting and to appoint the election officers. Another radical departure is that the county pays the expense of the primary.

J. B. Smith of Logansport, who will represent Cass and Fulton counties in the house, will introduce a bill that promises to cause much trouble. He proposes to repeal the metropolitan police law, which applies to Logansport, Muncie, Lafayette, Elwood, Kokomo, Anderson, Richmond, Hammond, Vincennes and a few other cities of that class. There was an effort two years ago to repeal this law as to several cities, but it failed. Since then, however, there has been a growing opposition to it in some places that it is said are now ready to back any attempt to take the law from the statutes. Smith says he either wants the law entirely repealed or to provide that the police commissioners be elected directly by the people.

Senator Fleming of Fort Wayne has already blossomed into a full-fledged leader, although he was not labeled as such by the Democratic caucus. Fleming, it is understood generally, has a few axes to grind with such men as Kern, Taggart and Fanning, who accomplished his defeat a year ago for chairman of the state committee. Fleming is modest as to what he intends to do, but it is known that he is very unfriendly to some of the old party bosses. It was largely due to him that the minority decided to give B. F. Shively of South Bend the complimentary vote for United States senator.

An important measure affecting municipalities promises to come up early in the session. The Municipal League of Indiana is behind a bill to repeal the law limiting the terms of city officials to two years. Prior to the last session the terms of the city officials were four years in all cities that did not have special charters. A hard fight was made two years ago to prevent the enactment of the present law. At a recent meeting of the league at Madison the officials inaugurated a plan to get back to old lines, and their legislative committee will be on the ground throughout the session.

The minority caucus last night selected the Hon. Benj. F. Shively of South Bend as the man upon whom the honor of the vote of the Democrats in the legislature for United States senator would descend. Mr. Shively responded in a brief speech in which he warmly thanked the members for the high compliment thus paid him, and expressed his appreciation of the honor. The occasion was seized upon by the members to give Mr. Shively a downright ovation.

Senator Crumpacker of Evansville is going to introduce a bill to establish a whipping post. He would make it apply largely to first offenders, but it is understood that his bill will be especially designed to catch wife-beaters and wife-deserters.

Terrific Explosion.

Guthrie, O. T., Jan. 8.—Fire followed by an explosion yesterday at Hobart caused a loss of \$50,000. The fire started in a hardware store where dynamite was kept. The force of the explosion was so great that Cordell, Mountain Park, Mangum and Harrison, thirty miles from Hobart, reported the shocks. The town of Vista in southeastern Oklahoma has been destroyed by fire; loss, \$25,000.

Boy's Idea of Joke.

Terre Haute, Ind., Jan. 8.—Taylor Browning, eighteen years old, had a loaded revolver which he fired promiscuously to frighten a young woman who was passing. He also fired at a policeman and was in turn fired at and arrested.

Indiana Postmasters.

Washington, Jan. 8.—The nomination of the following Indiana postmasters was confirmed by the senate yesterday: W. H. Hart, Huntington; L. E. Street, Brookston; H. Whitecotton, VanBuren; A. Sullivan, Garrett; E. B. Rhodes, West Baden.

A Broken Rail.

Lafayette, Ind., Jan. 8.—A broken rail caused a wreck on the Big Four railroad at Montmorenci, west of this city, last night, in which David B. Williams, brakeman, lost his life and three other trainmen were seriously injured.

GOLD AND SILVER

Precious Metals Common As Old Iron In the Great Indian Durbar.

IN THE LAND OF FAMINE

Barbaric Splendor Attends the Glittering Spectacle Now Going On At Curzon's Court.

Carriages of Silver No Uncommon Sight and Sedan Chairs of Pure Gold.

Delhi, India, Jan. 8.—Almost incalculable wealth of gold and silver was displayed as the seemingly never-ending medley of elephants, camels, troops, musicians and carriages, representing the different Indian states, passed and maneuvered before the dais in the great durbar review yesterday. The elephants carried howdahs and trappings of the purest gold and silver. There were carriages of pure silver and sedan chairs of gold.

During temporary stoppages of the procession half a dozen bands, some carried all on one elephant, played different airs, while the retainers, clad in mail and armed with lances and swords, yelled their battle cries and fought in the arena. The Maharaja of Japur sent horsemen in simple armor riding on golden saddles and carrying red and white pennons.

The Maharaja of Kota sent many camels carrying swivel guns, a force of military ascetics and a number of quaint musicians. The camel men of the Maharaja of Alwar wore uniforms of blue and yellow. An elephant carriage drawn by four elephants, followed the Alwar horsemen which were clad in mail armor and whose horses reared in salute to the royal personages present. An elephant from the state of Datta also saluted the dais, saluting several times before it. The Shan men of Burmah carried golden gongs and teapots and wore golden helmets. The carriage of the state of Jind was of pure silver and drawn by four black horses with golden harness.

The carriage of the state officers of Patalia was also of silver decorated with gold. A dwarf from the state of Nabha was followed by a giant seven feet ten inches high. The contingent from Kashmir closed the procession.

A LONG SLEEP

Illinois Girl Slumbers For One Hundred Days.

Centralia, Ill., Jan. 8.—The 100th day of the remarkable sleep of Miss Dora Meek yesterday found her better than last week, though showing no sign of awakening. She has been silent since September 28, sleeping soundly about eighteen hours a day, and the remainder of the remainder of the time sitting with her head drooping as though asleep, eyes half shut, apparently hearing nothing and seeing nothing. The young woman went to sleep during the excitement resulting from a lovers' quarrel. She takes a little nourishment and is in fair physical condition. Medicine, hypnosis, spiritualism and charms have failed to arouse her.

Ready for Action.

Chicago, Jan. 8.—The committee appointed by the Illinois Manufacturers' association to pursue the investigation into the causes of the coal famine in this city called upon State's Attorney Deneen yesterday afternoon and urged upon him the advisability of empanelling a special grand jury to act upon a volume of evidence collected tending to show illegal methods employed by the coal dealers to raise the price of coal. The committee left with the understanding that further facts bearing on the situation would be presented to the state's attorney.

Repelled the Intruders.

Eureka, Nev., Jan. 8.—J. A. Traylor, manager of the York and Nevada Copper company's mine, was attacked yesterday in the company's office at Keystone by twelve men, said to be members of the miners' union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away and began to shoot. James Staggs, Sam Johnson and J. S. Smith were killed and three other men were wounded.

Honduras In Turmoil.

Panama, Colombia, Jan. 8.—News has been received here that the threatened revolutionary movement in Honduras is becoming more serious. Manuel Bonilla was elected president of Honduras by a big majority last October. President Sierra, however, refused to turn over the presidential power to Senor Bonilla and is continuing his efforts to persuade the Honduran congress to declare the election of Senor Bonilla null and illegal.

Winter Hurricane.

Sioux City, Ia., Jan. 8.—A northwest wind which began Monday, for twenty hours averaged 46 miles an hour, reaching a maximum of 72 miles. Houses and public buildings have suffered damage of not less than \$10,000. Telegraph service in South Dakota is almost entirely disabled and damage to telephones amounts to fully 30 per cent.

A REIGN OF TERROR

Evidence Concerning Outrageous Conditions In Mining Field.

Philadelphia, Jan. 8.—The non-union men yesterday continued to occupy the attention of the coal strike commission in presenting evidence of lawlessness in the anthracite coal regions during the strike. The testimony included many acts of violence, from murder down to assault and larceny. Dynamite played a leading part in the alleged persecution of non-union men and their relatives. Five witnesses testified to their houses being more or less seriously damaged by persons, some of whom were known to be non-union men, placing high explosives on the property; other witnesses told of a dam being blown up, one locomotive damaged, steam pipes in different collieries broken and damaged by dynamite, bridges and fences damaged by incendiary fires, and the attempted wrecking of trains. One said he was stabbed, several of the witnesses were boycotted, and several others told of being beaten by crowds and of their houses being stoned. Besides this a young woman told the commission she was dismissed as a school teacher because her brother chose to work during the strike, a young man testified that he was attacked as he was coming out of church after being married, forcing him to secure refuge in a colliery while his bride got home as best she could. Another witness said he was afraid to attend the funeral of his mother, who died while he was working behind a colliery stockade. One witness told of having been punished by a mob which forced him to walk fifteen miles at the head of a cheering crowd of strikers. Other testimony was also presented to show that a reign of terror existed in the territory affected by the strike and that members of the union were largely responsible for it.

Family Deserts Him.

Vienna, Jan. 8.—At a council of the members of the Tuscan branch of the Ludwigs family, at which Arch duke Ludwig Victor represented Emperor Francis Joseph, it was resolved to pay forthwith to Archduke Leopold Ferdinand, who accompanied his sister, the crown princess of Saxony, when she eloped to Geneva with M. Girou, his eventual share of the family fortune and dismiss him from the family.

Big Celebration Planned.

Boston, Jan. 8.—The 22nd anniversary of the formation of the first Young People's Society of Christian Endeavor, Feb. 2 next will be celebrated by 4,000,000 members in all parts of the world, according to the expectations of the officers of the United Society of Christian Endeavor.

A Brief Honeymoon.

Milwaukee, Jan. 8.—William H. Bradley, an aged millionaire lumberman, who was married Monday, while he was dying, to Miss Marie Hannebler, his secretary, is dead. He died in the same chair he occupied during the marriage ceremony.

WAR STORIES.

The special series of articles for the REPUBLICAN this week will be three war stories by George L. Kilmer, one of the best writers of war stories in the country. They will appear as follows:

Friday Jan. 9—"Raiders Foiled at Springfield, Mo." A story of the heroic defense of the town by Union militia, including the capture of a Confederate superior force of confederates.

Saturday Jan. 10—"First Fight of the Alabama." A graphic account of the first fight and the victory of the Alabama, a Confederate gunboat.

Sunday Jan. 12—"Weitzel's Dash on Bayou Teche." A thrilling story of a fight in Louisiana in the campaign preliminary to the attack on Vicksburg.

GOVERNOR DURBIN'S message which was read to the legislature before adjournment today will be found on the fourth page of the REPUBLICAN today. Read it over carefully.

Now that Cantrell, the Indianapolis ghoul, has declared that he will not testify against any of those who helped him carry on his grave-robbing business, but will simply plead guilty and take his medicine, Dr. Alexander may improve and be ready for trial.

STATE TREASURER LEVY dug down in his vest pocket the first of the week and brought out \$200.00 which was immediately sent to Winslow, Lanier & Company to apply on the state debt. Thus the promise of the republicans to keep on reducing the state debt is being fulfilled.

The friends of Senator "Jack" Lawler are relieved. They see by the morning papers that he reached Indianapolis and was ready to be interviewed before he deposited his new suit case. Senator Lawler wants some legislation relative to carrying concealed weapons and may introduce a bill for that purpose. He is of the opinion that too many private citizens go about with revolvers in their pistol pockets or big knives up their sleeves or in their bootlegs. He thinks such a practice is contrary to our civilization and good society. He would fine a man fifty dollars for the first offense and for the second he would make it a hundred, with a jail sentence added. We wish the senator on this proposition and will lend him all the aid we can.

Commissioners' Court.

The county commissioners met in regular session Monday. H. F. W. Hackman succeeded Ezra Whitcomb on the board.

Liquor licenses were granted to R. E. Mahan, of Vallonia, and R. W. Shepard, of Seymour. T. J. Brown, of Kurtz, was denied a license.

Dr. Fred Heller was appointed physician for the poor farm and jail.

W. M. Buhner, Ezra Whitcomb and Garrett Schepman were appointed receivers for a road petitioned for in Vernon township.

It was recommended that Frank Slaven and Emerson Ireland be admitted to the school for feeble minded.

RAILROAD RUMBLINGS.

C. C. Murray, Panhandle claim agent, was here between trains this morning.

Most of the trains are running late these days. In fact passenger trains as a rule have been late for three or four weeks.

Professor Was Nothing Things.

"Wasn't it a terrifying experience," asked his friend, "when you lost your foothold and went sliding down the mountain side?"

"It was exciting, but extremely interesting," said the college professor. "I could not help noticing all the way down with what absolute accuracy I was following along the line of least resistance."—Chicago Tribune.

Slick (to Blossom)—Is this Mr. Bloomer's office?

Blossom—No. His office is across the hall.

Slick (leaving the door open as he walks out)—Thank you, sir.

Blossom—Hi! Come back and close that door. Haven't you any doors in your house?

Slick—Yes, sir, but they all have springs on 'em. Allow me to show you, sir, my patient double back action door spring. It closes without a bang and is warranted to last a lifetime.

A Hot Water Bottle Story

A man bought a hot water bottle at a "five cent" store for 49 cents. He wanted to charge him a dollar for a good one, and he said, "I have saved 51 cents." But the first time he used the bottle it leaked and the second time it came apart, and then he said, "Oh, that I had my money back," but he could not get it.

MORAL

A dollar well spent is better than 50 cents badly saved. Our hot water bottles are made by a reliable firm, and are worth the price we ask because they last and don't leak. Every bottle GUARANTEED perfect. Prices, depending on size. Don't be like the man in the story.

New Suit Against the Estate of the Late Rosella Wright.

Suit was filed by Miss Sarah W. Williams in the Clark Circuit Court Tuesday evening against John T. Potter, administrator of the estate of Miss Rosella Wright, deceased. Mrs. Wright died January 4, 1902. Miss Williams, the complainant in action, lived with the deceased and had been adopted by her. She was a beneficiary under the will to the amount of \$1,000. When Mr. Potter came to making an inventory and had already found property more than sufficient to pay all legacies, Williams showed him where there was \$4,000 hidden away in baking powder cans in odd corners, Miss Williams being the only person who knew of its existence.

In the suit now filed Mrs. Williams claims \$1 a day for attendance from January 1, 1883 to the date of Mrs. Wright's death, and \$100 for previous services. The total claim is for \$4,020.—Jeffersonville News.

The above is of interest here since Mrs. Wright had a number of relatives in Seymour. Thos. J. Clark, a nephew, was remembered in her will. O. H. Montgomery is attorney for some of the heirs who have interests in Mrs. Wright's estate.

BUSINESS NOTES.

J. T. Foster made a business trip to Brownstown today.

Miss Ella Jordan is here from Indianapolis the guest of relatives.

Miss Hattie Howard, of Shoals, came here this morning to visit friends.

Jno. A. Thompson, of Edinburg, was here last evening on business with P. A. Jones.

Hon. O. H. Montgomery went to Indianapolis today to look after some legal business.

A. Dickow, of the Seymour Saddlery Company, made a business trip to Indianapolis today.

S. F. Scott, of Indianapolis, who has been here on business, went to Evansville this morning.

Jas. A. Montgomery went to Brownstown today to attend a meeting of the Farmers Insurance Company.

J. F. Shields and daughter of Shelbyville, who have visited friends here, returned home this morning.

Commendable Enterprise.

The movement among Indianapolis business men for the building of a coliseum gives great promise of success. At a banquet held Tuesday night, \$65,000 was subscribed and there was no subscription for less than \$1,000. This certainly is a good beginning and speaks volumes for the public spirit of the business men of the city. There has just been raised the sum of \$150,000 for the purpose of purchasing the United States arsenal grounds, on which there is to be erected a technical institute and now to follow this up by raising money by public subscriptions sufficient to build a coliseum is indeed a creditable showing. If the movement to build the coliseum is successful it is probable that Indianapolis will get one national political convention in 1904.

Agrees With Beveridge.

J. Wight Giddings, of Tucson, Ariz., ex-Lieutenant Governor of Michigan, agrees with Senator Beveridge that Arizona is not a fit subject for statehood honors. While at Indianapolis recently he said:

"I hope that Senator Beveridge will win in the fight he is leading. I believe that Arizona is not yet in a condition to justify admission to statehood and I know that many of the prominent citizens of the territory agree with me. There is opposition in the Territory to the proposition to make Arizona a state and this opposition comes not only from republicans, but from many prominent democrats as well."

President to Visit Canton.

President Roosevelt will be the guest of the Canton (O.) Republican League at a dinner given on the evening of January 27, in honor of the anniversary of the birthday of the late President McKinley. Mr. McKinley's birthday anniversary is on the 29th inst., but on that date a state function will necessitate Mr. Roosevelt's presence in Washington. Other distinguished public men will be present.

Union Meeting.

The Union service tonight will be held at the Methodist church beginning at 7:30. The sermon will be by Rev. W. C. Martin, pastor of the Baptist church. Public invited.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon to get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. LYNCHING THREATENED.

The Indictment of Vote-Sellers in Martin County Resisted.

There has been much excitement stirred up in Martin county by the arrest of the parties indicted for selling or offering to sell their votes, and information reached Shoals Tuesday that an attempt was being made to organize a mob to lynch Deputy Prosecutor Gwin, Special Prosecutor McCormick, who was appointed by Judge Houghton to assist in the investigation of these cases, and D. A. Watson, a merchant, who was one of the witnesses before the grand jury, but learning that their plot had been exposed abandoned their project, but threatened vengeance against the man who informed of the plot. Mr. Watson also received a letter from relatives to be on his guard. Threats have been made to burn the property of F. W. Force, a prominent farmer and politician, if he gives evidence against some of the parties indicted. There were about 100 indictments returned by the Martin county grand jury.—Washington Democrat.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Seven Principal Routes.

It is a well known fact that the Chicago, Milwaukee & St. Paul Railway system offers a great many different routes between Chicago and St. Paul and Minneapolis. Its main line between those points is especially well known as the route over which runs the famous "PIONEER LIMITED" and the Government Fast Mail Trains.

There are six or seven other routes over a number of which are run through coaches and sleeping cars, which are almost as direct as the principal main line.

These various routes traverse the most interesting and attractive sections of Illinois, Wisconsin, Iowa and Minnesota, including the celebrated "Lake Region" of Wisconsin, and cross the Wisconsin river at the famous "Dells," where is the most picturesque scenery in the Northwest.

The main line and several others include from 150 to 300 miles of romantic and picturesque scenery along the Mississippi river. On these various lines are located the most important towns and cities in the Northwest.

Both one way and special excursion tickets between Chicago, St. Paul and Minneapolis are honored via any one of these direct lines.

The teachers attending the Educational Convention at Minneapolis will appreciate and take advantage of this fact as they can have a choice of routes going and returning.

The Chicago, Milwaukee & St. Paul Ry

Many people unacquainted with the geography of the West imagine that because the names "Chicago, Milwaukee and St. Paul" are used in the corporate title of the railway owning the Short Line between Chicago and Omaha, they must go via the cities of Milwaukee and St. Paul to reach their destination—and if it be Omaha or west thereof. This is a mistaken idea. On a map the line running directly east and west would look like this

There is nothing more simple than that, and it is less than 500 miles between Chicago and Omaha. Two through trains daily in each direction with the best sleeping car and dining car service, and all regular travelers know and appreciate the merits of the Chicago, Milwaukee & St. Paul Railway's Short Line between the East and the West.
